OUR STORY

Crafting dreams. Supporting artisans.

Designs of Dreams began in late 2025 with a purpose: to create sustainable employment opportunities for local artisans, especially rural women, whose skills and traditional embroidery deserve recognition.

We believe every handcrafted piece carries more than colour, texture and design. It carries patience, heritage, identity and the story of the hands that created it.

Our aim is to support artisans with dignified work, financial independence and a platform where their craft can reach homes, celebrations and wardrobes across generations.

Local Artisans

Real People. Real Craft. Real Impact.

TRADITION | EMPOWERMENT | TOGETHER

We Create Opportunities

At Designs of Dreams, we work closely with skilled local artisans who keep alive India's rich textile and embroidery heritage. Our pieces are a result of their talent, dedication and years of practice passed down through generations.

By creating sustainable employment opportunities, we aim to support artisan communities, preserve traditional crafts and bring their beautiful work to a wider platform.
